

LUXTOOLS KEDER LIP PVC

Product features

The flat PVC keder, made from recycled PVC, is stitched onto printed fabrics and ensures the textile can be clamped into the aluminum profile and stretched into the frame. The scope of application for textile frames is very wide, such as: LED frames, stand constructions, retail and interiors.

Handling and storage

Store away from direct sun light, heat or moisture sources.

Temperature of handling the material is at room temperature (20°C | 68°F).

To maintain the technical properties of the material unaltered it is recommended to keep the product in dry and ventilated storerooms.
